

Make your video visible

As you created a new product, offered a new service or made a new video project, you certainly want your video to reach the biggest audience possible.

But, posting your video online can be pretty complicated task – there are just too many of video publishing and sharing services on the web today. And even if your video is posted everywhere, how can you make it stand out the crowd of gazillions video clips?!

We are here to help

Professionally describing the content and tagging your video for successful searches on all video sharing services – that’s what we do.

We will publish your video clips or video banners on over 20 video social networks, such as: [YouTube](#), [MySpaceTV](#), [Google Video](#), [Yahoo! Video](#), [Break.com](#), [MetaCafe.com](#), [DailyMotion.com](#), [Veoh.com](#). Here is the complete list:

Spread your content across
video sharing sites and networks

Publish everywhere

We will publish your video on all the networks simultaneously or you can schedule a gradual publishing. Professionally described and tagged video banners are not just video ads anymore – they can become real money makers for you!

Please keep in mind, that it is impossible to download your video clip from YouTube and any other video network in a format suitable for editing, and they never keep your source files.

Great for viral marketing

"It is claimed that a satisfied customer tells an average of three people about a product or service he/she likes, and eleven people about a product or service which he/she did not like."

- Wikipedia article on viral marketing

That is why we will keep your source files in the format they were received and let you to download converted files in each network's format in case you need to edit or modify your clip in the future.

Service features and options include:

- **Choose any number of video sharing networks you need**
From just one to all available - choose what you think is best.
- **Upload via http or ftp, send link or analog media (tapes, disks)**
Provide your content in the way that is convenient to you.
- **Choose publishing date**
You can set the date for all your content to go live.
- **Approve before launch**
You will approve the final set of descriptions and tags for your clips.
- **Measure the success**
We will prepare a report to measure the impact of this campaign.

Spread your content across
video sharing sites and networks

Top 5 service benefits:

- **Quality.**
Your source video is optimized for each network separately. Each network has its own format. To maximize the effect you need to know this and get your video ready. Or let us do it.
- **Saved time.**
You save hours spent for registration, filling forms and uploading.
- **Improved visibility.**
Professional tagging and descriptions will increase the number of views your video will get and leads it will produce.
- **Lower risks.**
We always keep your source video uncompressed.
Re-use, re-upload anytime!
- **Bullet launch.**
Publish your clip the same day on all networks.
